PUBLIC SERVICE ANNOUNCEMENT

Multi-dwelling area water and sewer line replacement

(Kahnawake – 25, Onerahtókha/April 2024)

The Capital Unit of the Mohawk Council of Kahnawà:ke would like to inform the community of an upcoming project to replace the water and sanitary sewer lines in the multi-dwelling area. Work is scheduled to begin on Monday, April 29, 2024, and will continue until July 2024. Additional parking areas will also be installed in front of some existing units.

Shown below is a map of the general area. The shaded area indicates where the work will take place.

Upon completion of the water and sewer works, the road will be resurfaced with new asphalt.

Residents in the area may be inconvenienced with temporary loss of water, dust and noise from trucks and equipment, detours, and temporary road closures.

The community will also be notified when a road closure is scheduled. Detours will be clearly posted to allow for traffic circulation. All private properties that are affected by the work in this area (e.g., driveways, walkways, hedges and/or fences) will be repaired or replaced prior to the completion of the project.

Your patience throughout this project is greatly appreciated. Please contact the Capital Unit at **450-635-1016** if further information is required.

The scheduling of this work is subject to change based on weather conditions, operational constraints, or work progression.
