## Redbird Area Water & Sewer Line Replacement

(Kahnawake – 18, Onerahtokó:wa/May 2022)

The Capital Unit of the Mohawk Council of Kahnawà:ke would like to inform the community of the upcoming project to replace the water and sanitary sewer lines in the Redbird area. The work for this project is scheduled to start on June 1, 2022, and will continue until the end of August 2022.

This project will include replacing the existing water and sanitary sewer lines. Upon completion of the previously mentioned works, the road will be resurfaced with new asphalt.

Shown below is a map of the general area. The shaded area indicates where the work will take place.

Residents in the area may be inconvenienced with temporary loss of water, dust, and noise from trucks and equipment, detours, and temporary road closures. Proper road signalization will be installed to warn of the construction limits. The community will also be notified when a road closure is scheduled.

All private properties that are affected by the work in this area (e.g., driveways, walkways, hedges, and fences) will be repaired or replaced prior to the completion of the project.

Your patience throughout this project is greatly appreciated. Please contact the Technical Services Office at **450-635-1016** if further information is required.
