## **Animal Vaccination Clinic September 22<sup>nd</sup>**

**(Kahnawake – 26, Seskéha/August 2019)** The Animal Protection Department is pleased to announce that a Fall Animal Vaccination Clinic takes place on Sunday, September 22<sup>nd</sup> from **9am to 1pm** (3pm if needed) at the Animal Protection building.

Interested parties should contact Deidra Whyte at Animal Protection for full details and to **book an appointment** at (450) 632-0635.

A registered veterinarian will be on-site to provide a quick check-up, vaccination, and preventative services for cats and dogs provided at a reduced cost, plus administration fees of \$10 for residents and \$15 for non-residents (\$20 annual membership fee required for non-residents). The Animal Protection Department cannot accommodate cash payments; however, the veterinarian can.

**All fees are the responsibility of the pet owner.**

Several shots and products/preventatives will be available to protect your pet against diseases like the Parvo Virus, Rabies, and Heartworm, or to help with Ticks and Fleas. These are just a few of the available services.

Incidents of Heartworm and Lyme disease are on the rise amongst Kahnawà:ke pets due to the earlier season of mosquitoes (Heartworm) and deer ticks (Lyme). Please help prevent the contraction of these diseases and protect your pets by vaccinating and administering preventatives.
