Animal Vaccination Clinic on September 23rd

(Kahnawake – 5, Seskehó:wa/September 2018) The Animal Protection Department is pleased to announce that a Fall Animal Vaccination Clinic will be held on Sunday, September 23rd from **9am to 1pm** at the Animal Protection building.

Interested parties should contact Deidra Whyte at Animal Protection for full details and to **book an appointment** at (450) 632-0635.

A registered veterinarian (vet) will be on-site to provide a quick check-up, vaccination, and preventative services for cats and dogs provided at a lower cost than at a vet's office, plus administration fees of \$10 for residents and \$15 for non-residents (\$20 annual membership fee required for non-residents). **All fees are the responsibility of the pet owner.**

Several shots and products/preventatives will be available to protect your pet against diseases like the Parvo Virus, Rabies, and Heartworm, or to help with Ticks and Fleas. These are just a few of the available services.

Incidents of Heartworm and Lyme disease are on the rise amongst Kahnawà:ke pets due to the earlier season of mosquitoes (Heartworm) and deer ticks (Lyme). Please help prevent the contraction of these diseases and protect your pets by vaccinating and administering preventatives.
