#	If not, why?	Date
1	I will attend for a Birthday but I don't like the smoke during dinner.	3/15/2016 11:44 AM
2	Can't stand the smoke!	3/9/2016 11:32 AM
3	Unable to handle the smoke filled room even though the establishments have air ventilation systems in place. I was smoker, quit in 1999.	3/9/2016 9:30 AM
4	I don't like the smell of smoke, and it physically irritates me (in a health way). Also, second hand smoke is just as dangerous as smoking so why should I spend my money where the establishment allowing it is not concerned with their non smoking clients who outnumber smokers?	3/9/2016 7:50 AM
5	I go to a couple of the clubs but not very often. That's where the "smoker holdouts" are, at the social clubs (Marina, Knights, Moose and Legion). I don't like the smoky environment. Almost all bars and restaurants aren't as much of an issue for me since they don't allow smoking. For the few that have smoking, I just don't go there. (H2O, I'll order by phone instead of having to sit there. Maddie's Place, I sit far away from the bar if there are smokers. Usually there aren't though.)	3/8/2016 2:36 PM
6	All local establishments allow smoking, which makes me very sick. If I want to socialize at these places, I must get sick for it.	3/7/2016 2:43 PM
7	Do not want to breath in second hand smoke and hate smelling like an ash tray after I come out of an establishment that allows smoking.	3/7/2016 2:27 PM
8	I go in long enough to just sign the books at the Moose then get out of there as fast as possible.	3/7/2016 2:15 PM
9	I don't really go because of the smoking. I'll go if I have to but otherwise I tend to decline offers to go out because of the smoking.	3/7/2016 2:08 PM

56	i don't drink and often avoid restaurants that allow smoking	3/7/2016 10:55 AM
57	Will only attend local restaurant during quiet weeknights. Will NOT attend local bars/social clubs due to smoking and fighting.	3/7/2016 10:19 AM
58	I do not drink so I do not go to local bars. The local restaurants I eat at do not allow smoking.	3/7/2016 9:12 AM
59	I don't drink anymore, and there aren't many sit down places to eat in Kahnawà:ke.	3/5/2016 3:52 AM
60	I avoid places that allow smoking on certain nights, like when there's a sporting event on tv, or generally on the weekends because that is when most of the smokers go out. Smoking is disgusting and I avoid it whenever I can.	3/4/2016 2:09 PM
61	i don't drink	3/3/2016 6:20 PM
62	I prefer the clubs in downtown Montreal	3/3/2016 12:00 PM
63	toooooooooooooooooooooo smokey.gross me out.	3/3/2016 11:37 AM
64	Second hand smoke is toxic and cannot stand it on my clothes and around my food.	3/3/2016 10:40 AM
65	I think it is disrespectful and in poor taste. With all the proven health risks related to smoking there is no reason in this day and age to be subjected to second hand smoke.	3/3/2016 9:27 AM
66	Rarely! I don't enjoy the smoke. If I can avoid it , I will.	3/3/2016 8:21 AM
67	Because of the smoke.	3/2/2016 10:49 PM
68	can't stand the smell of cigarette smoke	3/2/2016 10:30 PM
69	Asthma, can't breath. Even if the club / restaurant makes an event non smoking you can still smell the smoke. It's in the carpet, curtains and furniture.	3/2/2016 6:33 PM
70	I live a healthy lifestyle and do not want to be exposed to second hand smoke.	3/2/2016 2:03 PM
71	I cannot stand the smell of smoke and I choose to cherish my health more than I do tolerating other people's bad habits that not only damage their own self but that expose others to the risk of developing health problems caused by second hand smoke. What kind of message are they sending to their children? That they don't care enough about themselves and that the don't care about how their actions affect those they love and those around them? Really, where's their values?	3/2/2016 1:16 PM
72	danger of smoking to non-smokers.	3/2/2016 12:48 PM
73	I do not smoke and I find it un-fair that Kahnawake has no policy on non-smoking because of where we live and "don't have to" mentality.	3/2/2016 11:51 AM
74	The smoke & I don't drink.	3/2/2016 11:31 AM
75	Second hand smoke is dangerous to our health, so why should I frequent an establishment that has little or no concern for the health of all Kahnawakehron:on.	3/2/2016 11:23 AM
76	Had breast cancer and will not subject myself to being in smoky unhealthy places	3/2/2016 11:18 AM
77	I do not want to subject myself and loved ones to second and third hand smoke.	3/2/2016 10:46 AM
78	I don't go out much. I wasn't aware that places other them the bingo hall still allowed smoking.	3/2/2016 10:42 AM
79	Because of the smoke.	3/2/2016 10:14 AM
80	I rarely attend, but on the rare occasion that I do, it really bothers me that my right not to inhale second-hand smoke is unrecognized.	3/2/2016 10:13 AM
81	For the exact reason why you are having this survey, I cannot take the smoking allowed	3/2/2016 9:35 AM

## Non-Smoking Survey

82	I find the habit disgusting and avoid places which allow smoking. It is a know carcinogen and I feel the effects of second hand smoke immediately.	3/2/2016 9:26 AM
83	I don't drink or smoke and meet friends at other establishments, preferably non-smoking venues.	3/2/2016 9:13 AM
84	I only go out to bars on the odd occasion, more likely to hang out at someone's house.	3/2/2016 9:09 AM
85	I'm a cancer survivor and I don't want to subject myself to smoking. I have attended functions in the past where there was smoking and I literally was sick for 2 days from breathing in second smoke. It would be nice to attend some of their social activities, like darts, dances etc.	3/2/2016 8:53 AM
86	No time, have small children and don't get out much. And if I did it wouldn't be to a place that allowed smoking. Too smelly.	3/2/2016 8:32 AM
87	second and third hand tobacco product exposure.	3/2/2016 8:11 AM
88	I try and avoid because your clothes smell, get a sore throat and eyes burn.	3/2/2016 8:04 AM
89	I do not attend restaurants that allow smoking	3/2/2016 7:30 AM
90	Because of the smoke, it sucks breathing that crap in and the smell.	3/2/2016 7:07 AM
91	I hate the smell, it's offensive and I don't care to inhale secondhand smoke	3/1/2016 7:28 PM
92	They're too smokey for me	3/1/2016 5:58 PM
93	Cuz there's smoking	3/1/2016 2:22 PM

1	Establishments should upgrade their ventallation systems or provide a non smoking section. If you remove smoking from bars then we might as well just be a municipality of Quebec. Each day smokers are limited more on where \ when they can light up. If it's removed there would not be much incentive to go spend money at certain bars.	3/15/2016 10:51 PM
2	It was nice to eat at H20 without having all that smoke at lunch. It was for a co-workers birthday. I was dreading it beforehand but was happy to see they made that change! :)	3/15/2016 11:44 AM
3	Kahnawakeronon who smoke abide by the non smoking rule outside our community, they should consider that they are harming their own people who do no smoke while they smoke in Kahanwake establishments	3/10/2016 10:19 AM
4	Dont ban the smoking!	3/9/2016 11:14 PM
5	The Legion experienced a major downfall in attendance and income when they went smoke free. Enough said.	3/9/2016 7:40 PM
6	I would like to see non-smoking nights at local establishments and hope that the initiative would help smokers think twice about how their smoking affects others through just being around second hand smoke.	3/9/2016 11:57 AM
7	Smoking should be prohibited or allowed in any establishment at the discretion of the OWNER. This should NOT be a decision of the local government (i.e. Band Council in this case) that is forced on private business. If the business owner allows smoking and his clientele object, he will know quite quickly when his revenue drops off. The flip side to that is if the clientele don't have a problem with smoking they will continue to patronize said establishment and the owner does not have to ban smoking. Once again, Decisions such as this should NOT be dictated by government.	3/9/2016 9:33 AM
8	Second hand smoke is just as dangerous as smoking, so why should I spend my money where the establishment allowing it is not concerned with their non smoking clients who outnumber smokers?	3/9/2016 7:50 AM
9	A healthier lifestyle means not only less smoke but also less drinking. Can we pull it off? Lol	3/8/2016 2:36 PM
10	in order for this to work, all social clubs would have to come to an agreement. if only one club agrees, they will lose business. it's been done before. I am a smoker but I would support this initiative. I don't frequent the clubs often but if I did on a non-smoking night I would go smoke outside.	3/8/2016 8:48 AM
11	Restaurants that allow smoking are disgusting. I would never go back to one particular establishment on the 138	3/8/2016 8:24 AM
12	It just shocks me this day and age, what we know about smoking, it is allowed in local clubs and restuarants. The world has caught onto this, except Kahnawake. Its beyond wrong to allow second hand smoking in these establishments. We should be leading by example and end this.	3/7/2016 2:43 PM
13	But I work here.	3/7/2016 2:15 PM
14	Today I am a non smoker, and it does not bother me if there is smoking or not in the clubs. They seem to have good ventilation and it is each individuals choice to go to the clubs or not. Either way I don't mind.	3/7/2016 2:01 PM
15	Even though I smoke only socially I do feel that it is something that should done outside regardless of the venue. It's unpleasant for non smokers and it puts the health of employees who work at these establishments and that of other patrons at risk. Kahnawake should follow the law and ban smoking in bars and restaurants.	3/7/2016 1:33 PM
16	Even if they offered non-smoking nights, the smoke is still in the building and in the air. It would have to be a NON-Smoking at all times. We do not even go to family homes where they smoke in the home.	3/7/2016 1:30 PM
17	It's to me the same argument as the carbon emissions that we choose to give a blind eye to.	3/7/2016 12:53 PM
18	Smoking is a misuse of our sacred tobacco and most importantly, is a very dangerous practice to allow/encourage for smokers and non-smokers alike. We are NOT being "whitewashed" by banning smoking in our community spaces, rather we are encouraging healthy-living and consideration for others.	3/7/2016 10:19 AM
19	bars are bars. people go there for those reasons to drink and smoke. dont like it dont go. kas and council should spend time on more important issues. next thing you know you won't be able to go unless youre on the kkr	3/7/2016 9:33 AM
20	As I don't drink alcohol, I have no interest in joining a local social club. I know that Montreal bars no longer allow smoking, people have to go outside. Would that work in Kahnawake?	3/7/2016 9:12 AM

## Non-Smoking Survey

21	I believe that all establishments should become smoke-free, and have a buffer zone around doorways. Just because we're a reserve doesn't mean we shouldn't try to emulate laws/policies that are in effect outside the community. Quebec is completely anti-smoking in establishments, so why should we be any different? Native people like to boast about loving Mother Earth and their people, but will blow second-hand smoke in your face and throw cigarette butts on the ground.	3/4/2016 2:09 PM
22	this is basically promoting drinking and on the same token, trying to promote a healthier environment, makes no sense. I don't care either way, just saying.	3/3/2016 6:20 PM
23	BANN THAT SHIT	3/3/2016 11:37 AM
24	I think that it is unfair to older patrons with breathing problems an example being the legion hall where some vets do not go because of smoking. These business will not fail because of a non smoking the proof is that there are still business open with the no smoking laws on the outside.	3/3/2016 10:40 AM
25	I am an active member in the social clubs in town and its unfortunate that when one club decided to go smoke free, it suffered. The ban was lifted and it still hasn't been the same. It's a great idea that something is being looked into, as I know people would like to go and hang out at the clubs, but refuse to because of the smoking issues.	3/3/2016 9:54 AM
26	Smoking as bad for our health, why in the world would we allow people to smoke in a public bar or restaurants!!	3/3/2016 9:27 AM
27	It is not about doing what establishments are doing on the outside, it is about general health hazards. I like the idea that they are thinking of starting slowly by offering certain days to be smoke free as change happens more slowly for some. One note worth mentioning, is that an establishment still smells like smoke unless it is smoke free all the time, therefore, I would not go to an establishment unless it was completely smoke free.	3/3/2016 9:27 AM
28	I am an "off and on" smoker who smokes a few cigarettes at night and sometimes only a few a week and on weekends. When I go to a non smoking establishment like the Resto 99 for example, I smoke much less and also go outside to smoke. I think the no smoking on certain evenings would really help people to cut back and quit. It should be phased out of all clubs and restaurants in Kahnawake.	3/2/2016 11:21 PM
29	Good idea. Thanks for making the effort.	3/2/2016 10:49 PM
30	social clubs should have to respect the same criteria as applied to the local restaurants	3/2/2016 10:30 PM
31	With the awareness that tobacco smoke, second and third hand smoke is extremely hazardous to everyones health, allowing smoking in these facilities is criminal. We must think of more than just the money (reason why legion suspended the ban). Restaurants and bars can still thrive if smoking is banned, the evidence is everywhere around us. Pregnant mothers almost always stop smoking when they learn that they are pregnant, why? Because they know it's not good for the baby. Consider tying the alcohol permit with a smoking restriction, they won't voluntarily stop. Please don't think I'm against the sale of tobacco. Selling a product for someones personal use is their business, I shouldn't have to endure peoples inconsiderste behavior.	3/2/2016 6:33 PM
32	Smoking in restaurants and bars should be banned.	3/2/2016 3:06 PM
33	Smoking should be banned from all social clubs, bars and restaurants in Kahnawake.	3/2/2016 2:03 PM
34	Even if clubs offered non-smoking nights, the smell of smoke will still be in the establishment. It is unbelievable that with all we know about the risk of developing cancer from smoking and from second hand smoke that our Kahnawake establishments put the price of profits before they put the price of life. Off reserve establishments and patrons abide by the law of prohibiting smoking in public places, Kahnawake should jump on it too. Never mind the law is not a Kahnawale law, do it for your people. Seriously, I don't know why we have to survey about this - just make it happen and enforce!	3/2/2016 1:16 PM
35	I am a smoker but do not smoke in my house. If and when I do go to a restaurant or social club it would be nice for the place to be smoke free.	3/2/2016 11:57 AM
36	Finally, someone is taking the time to address this important issue. Everywhere you go there are policies for where you can and cannot smoke and everyone listens. We shouldn't be forced to be around smoking that causes cancer. This is a good step in the right direction! Nia:wen.	3/2/2016 11:51 AM
37	Question 6. The smell of lingering smoke is very offensive to me. Since it has become the norm to step outside to smoke in North America and, people have become very accepting of this regulation, why is it that only in Kahnawake are we not on board? My guess is a few complaints create pressure. And the almighty \$\$ supersedes the health of our community.	3/2/2016 11:23 AM
38	Can non-smoking laws be put in place for the safety and well being of community members? Where is community protection on this issue? Where are the health professionals?	3/2/2016 11:18 AM
39	this is a great movement. non-smoking is the way to go!	3/2/2016 10:46 AM

## Non-Smoking Survey

40	I think it would be a great idea even though I am a smoker. I smoke outside at home and anywhere else I go so it's no big deal to me. Uncomfortable at times, like during winter but it's not up to me to poison others because of my dumb habit ☺	3/2/2016 10:42 AM
41	All places in the community should be non smoking. It's common courtesy for others that don't smoke, if people really need a cigarette it doesn't take much to step outside and have one.	3/2/2016 10:14 AM
42	I wouldn't mind moving the ashtrays outside to near the end of buildings, not near the entrances.	3/2/2016 10:14 AM
43	Being in a smoke free environment is my right. We all know second-hand smoke causes cancer and we all have the right to avoid getting cancer every chance we get.	3/2/2016 10:13 AM
44	Question 5 I would like to elaborate on. I have never refused to go to an event but it is something I do take into consideration. I definitely would not bring my children to events that allow smoking and for myself I will often limit my time and not stay as long as I normally would. I would support the knights bingo but the smoking is what keeps me from attending. I like the idea of having smoke free nights as an option. thank you for taking this effort on and pushing for a more healthier community , every bit counts.	3/2/2016 9:35 AM
45	I believe this is a fantastic idea. My non-attendance is only because I do not partake in many social activities any longer (no longer interested, not because of anything the establishments are doing). I have worked for one of the big establishments in the past and have had potential clients turn around and leave because of the allowance of smoking so I think that this would be a great idea! Thanks	3/2/2016 9:22 AM
46	It should be a standard for clubs when offering their facilities for rent for weddings, showers, etc. We have not attended some of these events because smoking is allowed and various family members have asthma and we do not bring children because we don't want them exposed to cigarette smoking. You pay alot of money for the venue, decorations and food and them people ruin it by smoking. DISGUSTING	3/2/2016 9:13 AM
47	I'm a smoker, and do prefer to go where smoking is allowed. To be fair to businesses, a smoking ban should be done, only if all establishments agree to it, otherwise, those allowing smoking will have the unfair advantage. Also, there should be designated smoking areas outside, otherwise, smokers tend to congregate in front of entrances, which would lead to other issues.	3/2/2016 9:11 AM
48	Based on basic human rights issues, I think it's of the utmost significance to respect people's rights to choose. Trying to force a Non Smoking Environment is like asking people to not drink on certain days of the month because certain individuals want to be in a social atmosphere but don't like how certain individuals might act under the influence. In the bigger picture smoking and drinking go hand in hand, realistically maybe the idea of complete non drinking establishments should be constructed. At the end of the day it's the people who spend most time and more money that frequent the social scenes and they shouldn't be deprived of the little habits they have in order to pacify the few non smokers. Think of the loss of \$\$\$ if non smoking is forced, people that do smoke will go to the establishments that continue to allow smoking. I'm all about people's rights, and equality however, as a social smoker, if I'm out I have the right to smoke without having to stand outside in the winter. What has always defined kahnawake in great light has been the right to FREEDOMS, and NOT be influenced by Outside Interference. Here's a suggestion I might add, each of the clubs in kahnawake have a secondary location maybe they should become NON SMOKER social scenes ( k of C has the old section, legion has an upstairs, Moose Lodge has an upstairs, marina has the original building. And I would encourage ALL non smokers to mingle in their own prospective non smoking circles.	3/2/2016 9:10 AM
49	I don't like smoking in restaurants at all. In bars, I can tolerate because I am not eating. As for the clubs where you have to be a member, it should be up to the members to vote on it, as they are the ones who pay to be a part of the club. They are private institutions, not public places.	3/2/2016 9:09 AM
50	the survey should have asked: do you smoke inside or outside. if I do smoke which is seldom, I always do so outside	3/2/2016 9:04 AM
51	In order for it to work all organizations would have to try/agree	3/2/2016 9:00 AM
52	I think the establishments should go non smoking, period! The smokers can step outside to have a cigarette. We know too much today about the causes of smoking (and second hand smoke).	3/2/2016 8:53 AM
53	In relation to restaurants, I don't believe there are any restaurants in the community where patrons smoke inside? I think that is ridiculous to say smokers smoke in the restaurants. As far as social clubs, that is what they are, and as members pay a membership fee. I don't think this should be an mck decision.	3/2/2016 8:52 AM
54	i think it should be up to the members of the clubs to decide since they are the ones that spend the most time there	3/2/2016 8:51 AM
55	As a former smoker, I have no problem with socializing with persons who smoke at a venue. If they are blowing smoke in my face, then I have a problem.	3/2/2016 8:49 AM
56	I think this is a positive step. I'm not one for bars, but it would be nice to know that if I'm attending an event somewhere that I don't have to come home smelling like smoke.	3/2/2016 8:32 AM

## Non-Smoking Survey

58	Good Idea	3/2/2016 8:28 AM
59	Smoking should not be allowed in any community owned building. Turn 4 is a perfect example of a community owned building that allows smoking. It should be stopped outright and if non compliance suspend their alcohol permit.	3/2/2016 8:22 AM
60	Second hand smoke is actually worst in my opinion and that is why I try to avoid events with smoking. The smoking areas at Public Facilities needs to be farther away from the entrance because otherwise you have to walk through this to get into Sports Complex, etc. What about the health and well being of our children.	3/2/2016 8:04 AM
61	I quit smoking 7 years ago.	3/2/2016 7:58 AM
62	No smoking in bars and restaurants, like any where else	3/2/2016 7:07 AM
63	I work in some of the bars in town and there are both smoking and non-smoking establishments with both parties attending regardless. I've noticed people from out of town coming into smoking establishments because of the fact. People like it and some don't, leave it at that.	3/1/2016 10:01 PM
64	the only thing I got from smoking was Ashma	3/1/2016 8:43 PM
65	About time Kahnawake social organizations get into the 21st century and put healthy lifestyle policies in place such as no smoking, or reduced smoking days	3/1/2016 7:52 PM
66	I think clubs should be completely smoke free, it's the law so why doesn't kahnawake follow it? Why expose our people to second and third hand smoke? It defeats the purpose to do it only a few times a week, ban smoking completely.	3/1/2016 7:28 PM
67	I'm a bartender and developed a slight cough due to second hand smoke. This would be great.	3/1/2016 5:04 PM
68	Most local establishment are not inviting and I have no desire to participate in local social clubs as they do not offer any events that are geared to my interest. Too many drunks, smokers and bullshitter's.	3/1/2016 2:22 PM
