

What do all of these have in common?

We were NOT consulted.

Recently, the Supreme Court of Canada ruled that the Federal Government has a Duty to Consult with First Nations People on issues that affect them.

In June, the Mohawk Council of Kahnawà:ke will be conducting surveys to find out how you believe we wish to be consulted.

Your input can ensure that the duty to consult is identified in **OUR** terms with **OUR** best interests being considered.
