Gaming

Peter Paul will be attending a trade show on Gaming at the end of April in San Diego.

Winter Community Meeting Postponed

With the Winter Community Meeting just one day away and several Chiefs unavailable or out sick, the table felt that postponing the meeting until Tuesday, April 1 would be best. Postponing one week would not give the Community enough notice. The Council table will release the annual budget at that meeting.

Goodleaf Recycling

The working group on this file presented a request for decision to conduct an environmental assessment on the land. Council decided to defer the decision until next week with the intent that a discussion take place between Mr. Goodleaf and the working group beforehand.

Highway 30

Council discussed their strategy on Highway 30 for an upcoming meeting with Quebec government representatives. The meeting is a follow-up to Grand Chief Mike Delisle's meeting with Pelletier.
