Ensure your sump pump is functioning properly

For immediate release

(Kahnawake – 18, Enniskó:wa/March 2022) The Public Safety Division of the Mohawk Council of Kahnawà:ke wishes to remind the community that with the recent rain combined with the melting of snow, homeowners are being asked to verify that their home's sump-pump is functioning properly. This is the best way to prevent water infiltration (flooding) and possible foundation damage in your home.

Please note, local organizations/departments **DO NOT** offer pumping services in case of a flood. It is the homeowner's responsibility to be prepared.

Thank you for your attention in this matter.
