# Organizational Health Check and Risk Assessment Initiative

## For Immediate Release

**(Kahnawake – 17, Onerahtókha/April 2019)** The Mohawk Council of Kahnawà:ke (MCK) wishes to inform the community that a Health Check and Risk Assessment of the Organization will begin in the coming weeks.

This initiative, presented at an all-staff-meeting this morning at the Knights of Columbus, will help assess and identify what is working well in the Organization and what needs improvement compared to standards and benchmarks.

The consultant firm BDO has been hired to assist the MCK identify the risks that appear in the organization and what needs to be done to mitigate these risks.

“I am very excited to have BDO consultants working with us to ensure that we have a ‘clean bill of health’ for the organization.” said Executive Director, Alana Goodleaf Rice. “As with our own health, if we do not take care of ourselves we put ourselves at risk and this is basically what we want to know about our organization.”
