REMINDER - Community asked to continue using Small Recycle Bins or Clear Bags

(Kahnawake – 25, Onerahtókha/April 2017) The Waste Management Department is continuing to ask that the community use the old method of recycling until further notice.

Although the new Automated Collection Truck has been delivered, employees are still in training to operate it. Residents are asked to continue using either the small bins or clear plastic recycling bags.

The Community will be informed as soon as the new Truck goes into operation. Please note, curbside collection days have NOT changed. To view the schedule, go to kahnawake.com/wastemangement or Like us on Facebook at [Kahnawake Waste Management](https://www.facebook.com/KahnawakeWasteManagement).

The Waste Management Department appreciates your continued patience while the transition to the new recycle system unfolds. All questions regarding waste management can be directed to Holly McComber at **(450) 632-5825**.
