Communications Protocol,  
all media requests must be  
arranged through the Public  
Relations / Communications  
Unit*

## New Recycle Truck in service

**(Kahnawake – 8, Onerahtohkó:wa/May 2017)** The Waste Management Department is pleased to inform the community that the new Recycling Collection Truck is now officially in service and collecting from the new 360 litre recycle bins that each home received.

All residents will continue to receive curbside pickup services once per week as normal. Schedules remain unchanged and will continue as such.

Please have the new recycle bins curbside by 7am with the wheels facing towards the house and the lid-opening facing towards the street.

Also, please note to keep containers at the curb throughout the day until the recycling has been collected as pickup times may vary.

To view the schedules go to [kahnawake.com/wastemanagement](http://kahnawake.com/wastemanagement) or Like Us on Facebook at [Kahnawake Waste Management](https://www.facebook.com/KahnawakeWasteManagement) for up to date information.

The Waste Management Department appreciates your continued patience while the transition to the new recycle system unfolds. All questions regarding waste management can be directed to Holly McComber at **(450) 632-5825**.
