Asbestos Civil Investigation Monthly Update

For immediate release

(Kahnawake – 16, Ohiarihkó:wa/July 2021) The Mohawk Council of Kahnawà:ke (MCK) wishes to provide a post-election update from the Asbestos Civil Investigation (ACI) Project Team.

- As a result of the 2021 elections, the ACI Project Team is now made up of Ohén:ton Í:iente ne Ratitsénhahienhs Kahsennenhawe Sky-Deer with returning members Nitsénhahienhs Cody Diabo and Lindsay Leborgne.
- The investigation is now more than halfway through the project timeline. The estimated completion is mid-September 2021.
- The Deloitte Forensic Inc. investigation team is continuing with interviews. The Project Team has been informed that review and analysis of documents provided are ongoing.
- Doug Lahache remains the Community Observer on the Civil Investigation team.

"Despite this Investigation being conducted over an election period, it has not slowed the work that Deloitte is doing, and that was the point," stated Ratsénhahienhs Cody Diabo. "Deloitte is doing an amazing job, and I have full confidence they will uncover the answers the community needs."

The ACI Project Team wishes to acknowledge the patience the community has demonstrated during this process.
