Boil Water Advisory LIFTED

(Kahnawake – 14, Seskéha/August 2020)

The Public Works Unit has been informed by Environmental Health Services (EHS) that the boil water advisory for water on the town network has been **LIFTED**.

Two sets of water samples on the centralized water network were carried out by EHS. Both tests have shown that the water is safe for consumption.

The advisory was issued Wednesday as a precaution after an equipment failure at the Water Filtration Plant, which was fixed the same day.

If you have any questions or for more information please call Public Works at (450) 632-5825 or EHS at (450) 635-9945.
