Communications Protocol,  
all media requests must be  
arranged through the Public  
Relations / Communications  
Unit*

## **Pumpkins, Hay and Leaves great for composting**

**(Kahnawake – 30, Kenténha/October 2019)**

The Kahnawà:ke Waste Management Department is pleased to announce that the 2019 Organics Collection Service will take place on the same day as your Compost Collection for November. Halloween pumpkins, haybales, and leaves wanted.

Community members are asked to use only paper bags and ensure they contain only clean leaves (no garbage or animal droppings). Plastic bags and bags that have contents other than leaves contaminate the finished compost material.

Please consider this alternative to throwing fallen leaves, pumpkins and hay bales in the garbage, as collected organics will be composted at the Transfer Depot and re-used rather than wasted in a landfill.

For more information on the Organics Collection Service, call the Waste Management Department at 450-632-5825 or email [wastemanagement@mckc.ca](mailto:wastemanagement@mckc.ca).
