## **Kahnawake COVID-19 Testing Site to be open for three days next week**

Issued at 3:46pm

**(Kahnawake – 23, Tsothóhrha/December 2021)** The Public Health Team and the Public Safety Commission wish to advise the community that the COVID-19 Testing Site located at the Kateri Memorial Hospital Centre (KMHC) will be open for three (3) days next week as opposed to the original single day.

KMHC is thankful for the staff who are willing to work during the holiday period in order to meet the needs of the community. The opening dates are as follows:

- **Tuesday, December 28**
- **Wednesday, December 29**
- **Thursday, December 30**

Testing will be done on a first come - first served basis, but appointments are required. Telephone lines are open for appointments until 4pm **today** and from 8am to 4pm on **Tuesday** at **450-638-3930** extension **2275 or 2296**.

Because there are limited resources available at this time, we are asking that only persons who are exhibiting symptoms or who have tested positive on a rapid test come for testing.

Please refer to the isolation and testing requirements on [www.Kahnawake911.com](http://www.Kahnawake911.com) for further information.

Thanks for your attention in this important matter. We truly appreciate your cooperation and patience during this challenging time.
