23	The Mohawk Council of Kahnawa:ke should NOT have the final say on membership, access to services nor land holdings in the community. The latter issue should be decided upon in a just and fair way, and include the wishes of ALL Kahnawakehro:non, including these descendents. These descendents deserve equal treatment, rights and access to services and land holdings just as much as you and me. What you focus on will indeed become reality. So ditch your closed-mindedness and "lack" mentality. Open your mind and know that we can all live a heavenly life right now. Operate out of love and welcoming, as opposed to out of fear and resistance. Focus on the positives that these new members will contribute to our community. We can obtain more land. Having abundant ecosystems, natural habitats (forests, marsh, clean water, etc.) and greenhouse, and preserving our wisdom is just as important, if not more, than our language. This way we can be healthy and self-sufficient. Another idea is to relocate the entire community of Kahnawa:ke to an Anglophone province, such as Ontario or BC. Because of Kahnawa:ke's location, we could obtain 30 or 50 times more land elsewhere by selling this "postage stamp" which is located / surrounded by the province of Quebec and all the negatives which come with Quebec.	3/6/2019 2:44 PM

95	We already have to many Bill S 3 working at our band council...Get rid of.them first.Then we can vote for Chiefs that actually care about being Mohawk!!!!	3/6/2019 9:36 PM
96	Nobody really knows what "Kahnawa:ke's position" truly is on Bill S-3, nor on any other issue, because the majority of people are afraid to speak their mind, unless it's anonymous. Make a way for ALL Kahnawakero:non to vote on important issues anonymously. And don't force the media to manipulate people's minds, similar to the vote for the LOCATION of the KORLCC / theatre. Many thought if they voted "no" that we would not have the multi-purpose building at all, which is not true.	3/6/2019 2:44 PM
97	Our own membership laws that address all membership issues . laws that protect our residency issues	3/6/2019 1:04 PM
98	For Canada to acknowledge our membership laws and regulatiins as legitimate jurisdiction. That our member acceptance will be done by the community and not by outside sources.	3/6/2019 12:54 PM
99	Not accept any new members. Our resources are already limited to the members we have today. - maybe have a different category for the "new comers" for example; they get membership but under s-3 membership - meaning they won't be entitled to land or anything within Kahnawake, resources, education funding, housing, etc, but are able to collect or be apart of anything government related. "Tax card" purposes. Aboriginal bursaries available from the government, etc. Any funding or resources should stay only available to Kahnawake members of 75% blood quantum.	3/5/2019 6:27 PM
100	Tell canada to mind their own membership and leave us to govern ourselves!	3/5/2019 4:51 PM
101	We need to have our own membership cards, not federally issued band cards (where almost anyone can have one)	3/5/2019 3:07 PM
102	media campaign, rally in Ottawa, marches in the community,	3/5/2019 2:37 PM
103	First and foremost, instating a law that outlines the criteria of a Mohawk of Kahnawake. Who qualifies to be on our list therefore we are protected from this bill (though I believe this is already done/happening). However, our community needs to be on the same page about this issue. All parties (ex. youth, traditional bodies, etc.) should be on board with protecting our rights to have our own authority over membership. Power is numbers (the federal government knows this clearly), we need to show our support as a collective to defend Kahnawake's position on Bill S-3.	3/5/2019 12:27 PM
104	If only we could blow up the bridge but dammit we can't :(3/5/2019 12:24 PM
105	build a movement . take a formal position, to reject S-3	3/5/2019 12:13 PM
106	Keep on facilitating community meetings, getting responses and have more of an open panels that discuss these issues.	3/5/2019 11:59 AM
107	Write a letter to the government. Talk to other communities in order to gain support against the Bill. I feel like protests should be the last effort that we do.	3/5/2019 11:23 AM
108	Deny access to any and all "perks" that non natives are determined to cash in on. No Land No funding for education No tax exemption NO Native status PERIOD.	3/5/2019 11:13 AM

Kahnawà:ke Survey on Bill S-3

109	consistent voice at government tables; demonstrations in communities to get the media attention; use all demographics who make up the community be heard. ensure that public statements and education curriculum are modified to include these action by the government to "make us accountable for gov. actions to commit genocide" be now ours. This must have continued and sustained communications using media from all over.	3/5/2019 10:07 AM
110	Do more research on the topic. This amendment could have many positive potential outcomes, like more land for the reserve, a larger population, higher funds to support larger population. The community would definitely be entitled to and need more land to host more entitled status natives. As long as the community has a say in the reregistration of new status Mohawks.	3/5/2019 9:53 AM
111	Tell the government we are already filled to capacity. A person who did not grow up here should not have entitlement to Kahnawake land. However, if the person will get back their rights, grew up in Kahnawake, should get the full benefits. I know of people who lived in Kahnawake all their life but are not on the Kahnawake registry due to a non Mohawk father. They should be on the registry. For a person who grew up in the US and is a descendent of a woman who married a non Native and is not familiar with Kahnawake should not think they can come back to Kahnawake and build a home. They don't know the way of life here, plus I don't think they would want to face all the hatred and racism from certain community members like [REMOVED] and some MCK chiefs.	3/5/2019 9:49 AM
112	Stop S3 registrations	3/5/2019 9:26 AM
113	should respect the fact that non-native women seem to have more rights that native women who married non-native men.	3/5/2019 9:03 AM
114	Write up a "red paper" -type document that outlines our disagreements	3/4/2019 11:15 PM
115	Isn't this what you're paid to determine? If you're asking the community, will you abide by their response if it declares a removal of the band council system?	3/4/2019 10:51 PM
116	I don't know	3/4/2019 10:43 PM
117	Stand strong and don't allow it	3/4/2019 10:33 PM
118	Tell the outside government they don't control our membership	3/4/2019 9:52 PM
119	Demand a greater land base. As it stands, we barely have enough land for our current members. Assert jurisdiction over highways, and new developments dissecting our territory. Call for a boycott of a newly expanded Mercier bridge which will take more of our land mostly for the benefit of non-natives. Put out a call for workshop proposals by academics such as [Three Community members] to perhaps lead such workshops. Hold a series of community referendums to amplify the current community's common interests and concerns.	3/4/2019 9:19 PM
120	I'm not sure. While its a positive thing that people will regain their status. Kahnawake should be in charge of that and not the federal government. People under Bill S-3 should go through a membership/immigration process approved by the community so that people who do regain their status have a vested interest in Kahnawake and are not simply a number that can be used to over rule the express will of the people who've always been here.	3/4/2019 9:15 PM
121	You guys are in a bad position. I'm from Ohsweken so I'm contributing here as a Haudenosaunee person and not a member of Kahnawake... so just as a distant cousin who will also be affected by this here is my feedback... If you prove maternal lineage to be registered as a member concurrent with our Haudenosaunee clan system and be done with the Indian Act definition of blood quantum. But then you guys will probably be accused of gender discrimination. There's no way to marry our traditional identification with the Indian Act. It authored our genocide... But that being said I do think that Kahnawake should not be so stingy about membership being limited to people with both indigenous parents because that is not the Haudenosaunee way.	3/4/2019 8:42 PM
122	I'm not even sure.	3/4/2019 7:16 PM
123	I think we are taking all actions that we can be right now and we seem to be one of the only communities taking this threat seriously.	3/4/2019 6:49 PM
124	Any and all.	3/4/2019 6:35 PM
125	Attend open meetings and information sessions	3/4/2019 6:11 PM
126	I would say put the question to vote in support Kahnawake's position. The problem more immediate is the very poor turnout at the last election (approx. only 6%),too much apathy but quite vocal among those who do not vote.	3/4/2019 6:07 PM

127	Do whatever plan the majority of town agrees with, I think it'll be impossible to come to a complete consensus.	3/4/2019 5:57 PM
128	We should all come together as a community, traditional and non traditional councils and fight this	3/4/2019 5:45 PM
129	Where else (globally) has this kind of thing taken place? What happened? Kahnawake uniqueness - and what happens with Seignory?	3/4/2019 5:27 PM

89	These descendents / new members deserve equal treatment, rights and access to services and land holdings just as much as you and me. Do not bully or harass or ostracize them. Welcome them. How do you expect them to know our language or culture when they have not been allowed to live here? It is not their fault. One of the many positive contributions they will bring, is that they may upstanding citizens and great role models i.e. live healthy lives, be sober, drug-free, non-racist, open-minded, violence averse, solution-oriented, skilled or educated people with a strong work ethic.	3/6/2019 2:44 PM

96	Stand up to the government, we don't need white people here.	3/5/2019 12:24 PM
97	The Mohawk Nation must come together	3/5/2019 12:13 PM
98	To be assertive in the majority's decision and to go along with that, instead of just the chief's decisions. To actually take in community's considerations. Whatever decision is made, that it is for the better of the community, the members, and our future.	3/5/2019 11:59 AM
99	I'm not sure. The topic of citizenship in the community is tricky. While I see where it is right to only allow certain people into the community for cultural purposes. We have so little culture left and not enough Kahnawakehronon seem to care to revitalize culture and language. I also feel that it is ethically and morally wrong to do so. I feel that by picking and choosing who can be apart of the community, we are embracing the same unjust and racist laws that were put in us in the 1950's.	3/5/2019 11:23 AM
100	We must together take a stand and demand we decide who is on our registry not the Government who is trying to remove the black eye it keeps giving itself when it comes to extinguishing native people.	3/5/2019 11:13 AM
101	first, obtain the understanding of differences. then make sure this also has continued and sustained communications. meet with grand council for their perspective on this and maximize on that perspective. establish a relation ship with the grand council to move forward as a collective. this is something that can shake up the government at this time.	3/5/2019 10:07 AM
102	Become more united in our views. Kahnawake is very divided on membership, and everyone seems to believe in their own version of a very specific membership law, but if we get our heads out of our butts we can maybe try to work together through our differences. Unity is the biggest challenge for Kahnawake. We just need to learn to respect individual opinions and to listen to each other no matter what age, where you went to school, how light your skin, how often you attend socials and ceremonies. We are much stronger as a collective.	3/5/2019 9:53 AM
103	As I said before, a person who is not on the Band list but grew up here should be on the registry. A stranger who gets his rights but did not grow up here should not be allowed to build. So I would say MCK to have about 70 percent authority over citizenship and the government 30 percent. I know some MCK chiefs would stop certain people who grew up here from getting citizenship. Instead of these people going to court, the government says they should be on the list, the MCK must follow. There is too much hatred in this community towards people who have a non Native parent yet they grew up in Kahnawake. Instead of the MCK trying to kick out people over citizenship, we should be getting rid of all the rapists, pedophiles, and drug dealers.	3/5/2019 9:49 AM
